make it do, or do without!

Plastic Bag Facts

-  In Northern Ireland, we use up to 500 million plastic bags a year. That's about 300 per man, woman and child!
-  Used plastic bags pollute the environment because they are **NOT** biodegradable

Colour-In the BAG LADY

We are happy to ask in our store
'Do You Really Need a Bag?'

I asked Ten People...

1) **When you shop at your local shop, do you always carry your groceries in a plastic bag?**

2) **Do you know that plastic bags take ages to break down** (e.g. 200 years).

3) **Would you like to help the environment by using something else** (e.g. re-useable bags, trolley, basket, cardboard box)?
